a free seminar

***The Discipline Dilemma:
Distinguishing Between Behavior and Disability***

March 18, 2010, 7:00 PM
Westfield Community School
Professional Development Center
2100 Sleepy Hollow Road
Algonquin, IL

If you've ever struggled with whether your child's actions were directly related to their disability or just bad behavior, you won't want to miss this presentation! Join us for an informative evening as Mark Pumper, Psy.D. and Joann Herman, MS, LCPC present on one of the most difficult issues parents of children with disabilities face. You will learn which disorders are sometimes confused with bad behavior, what a true behavior disorder looks like, how professional testing can help and most importantly, how to discipline despite the disabilities. There will be plenty of time available for a question and answer session after the presentation. Dr. Pumper and Ms. Herman come to us from Personal Growth Associates in Crystal Lake (www.personalgrowthassoc.com). All District 300 parents, residents, educators and staff are invited to attend.

Reservations are not required. Unfortunately, we are not able to provide child care. Spanish translation is available. For accommodations or more information, contact Judy Ruffulo (847) 551-1780.
