

Dear Parents/Guardians and Juniors,

Juniors will be taking the SAT exam on April 13th. The SAT is the Illinois state test and is also a college entrance exam that is required by the state of IL to graduate. This email is to notify you of a tremendous test prep opportunity at HHS taught by certified math and English instructors. The class will have both in person and virtual options and will run for five weeks. 2 time slots will be available to help accommodate various schedules. The early slot at 3:10 will be in-person while the 6:00 session will be virtual. Time slots are limited and we will make every effort to honor your first request, but please understand that available spots will be given on a first come-first serve basis. Once capacity is reached, you may be asked to attend sessions with available space. Included in the \$50 cost will be instruction on the exam, test taking tips, practice, and access to multiple practice questions with answers and explanations. Directions on how to use PSAT results from prior testing (if applicable) will also be provided to help better your student's score and provide individualized training via the Khan Academy. If interested in this opportunity, please fill out [this google form](#) to secure a spot. The \$50 payment will be charged to your Pushcoin account after the first session. There will not be any refunds and payment is the same regardless of attendance to 1 session or all of them. Further information will be provided to attendees during the week February 7th and shared via a SAT PREP Schoology class that will be created. The schedule of trainings can be found below:
